We Build For A Better Tomorrow . . .

The Board of Education is composed of six members who are public minded citizens exercising much interest in the schools of Baxter Springs. The members have experienced an especially busy and gratifying school term this year, having seen all of the new equipment in the High School being used by the students. The Board of Education has broadened the educational curriculum in many specific departments. The members have wisely selected much needed equipment for the science department, language department, home economics department, industrial arts department, library department, and the diversified occupations department. The citizens of Baxter Springs, through the Board of Education, are helping to build the community by establishing a wider educational program in our school.

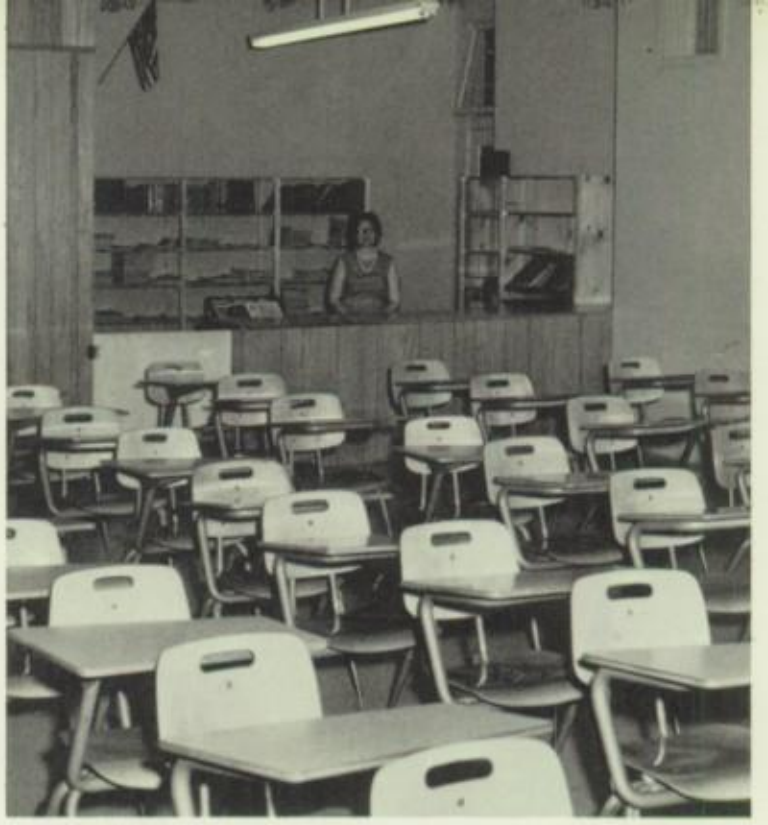
Superintendent John R. Hughes

Vice-Principal Velma Thomas

Principal Eugene F. Burke

In charge of our buildings are three very capable leaders, Mr. John R. Hughes-Superintendent, Mr. Eugene F. Burke-Principal, and Miss Velma Thomas-Vice Principal in charge of Junior High. With the separation of the High School and Junior High more time and responsibilities have been added to each of our administrator's shoulders. Our school and community should be and are proud of them and the fine job that they are doing.

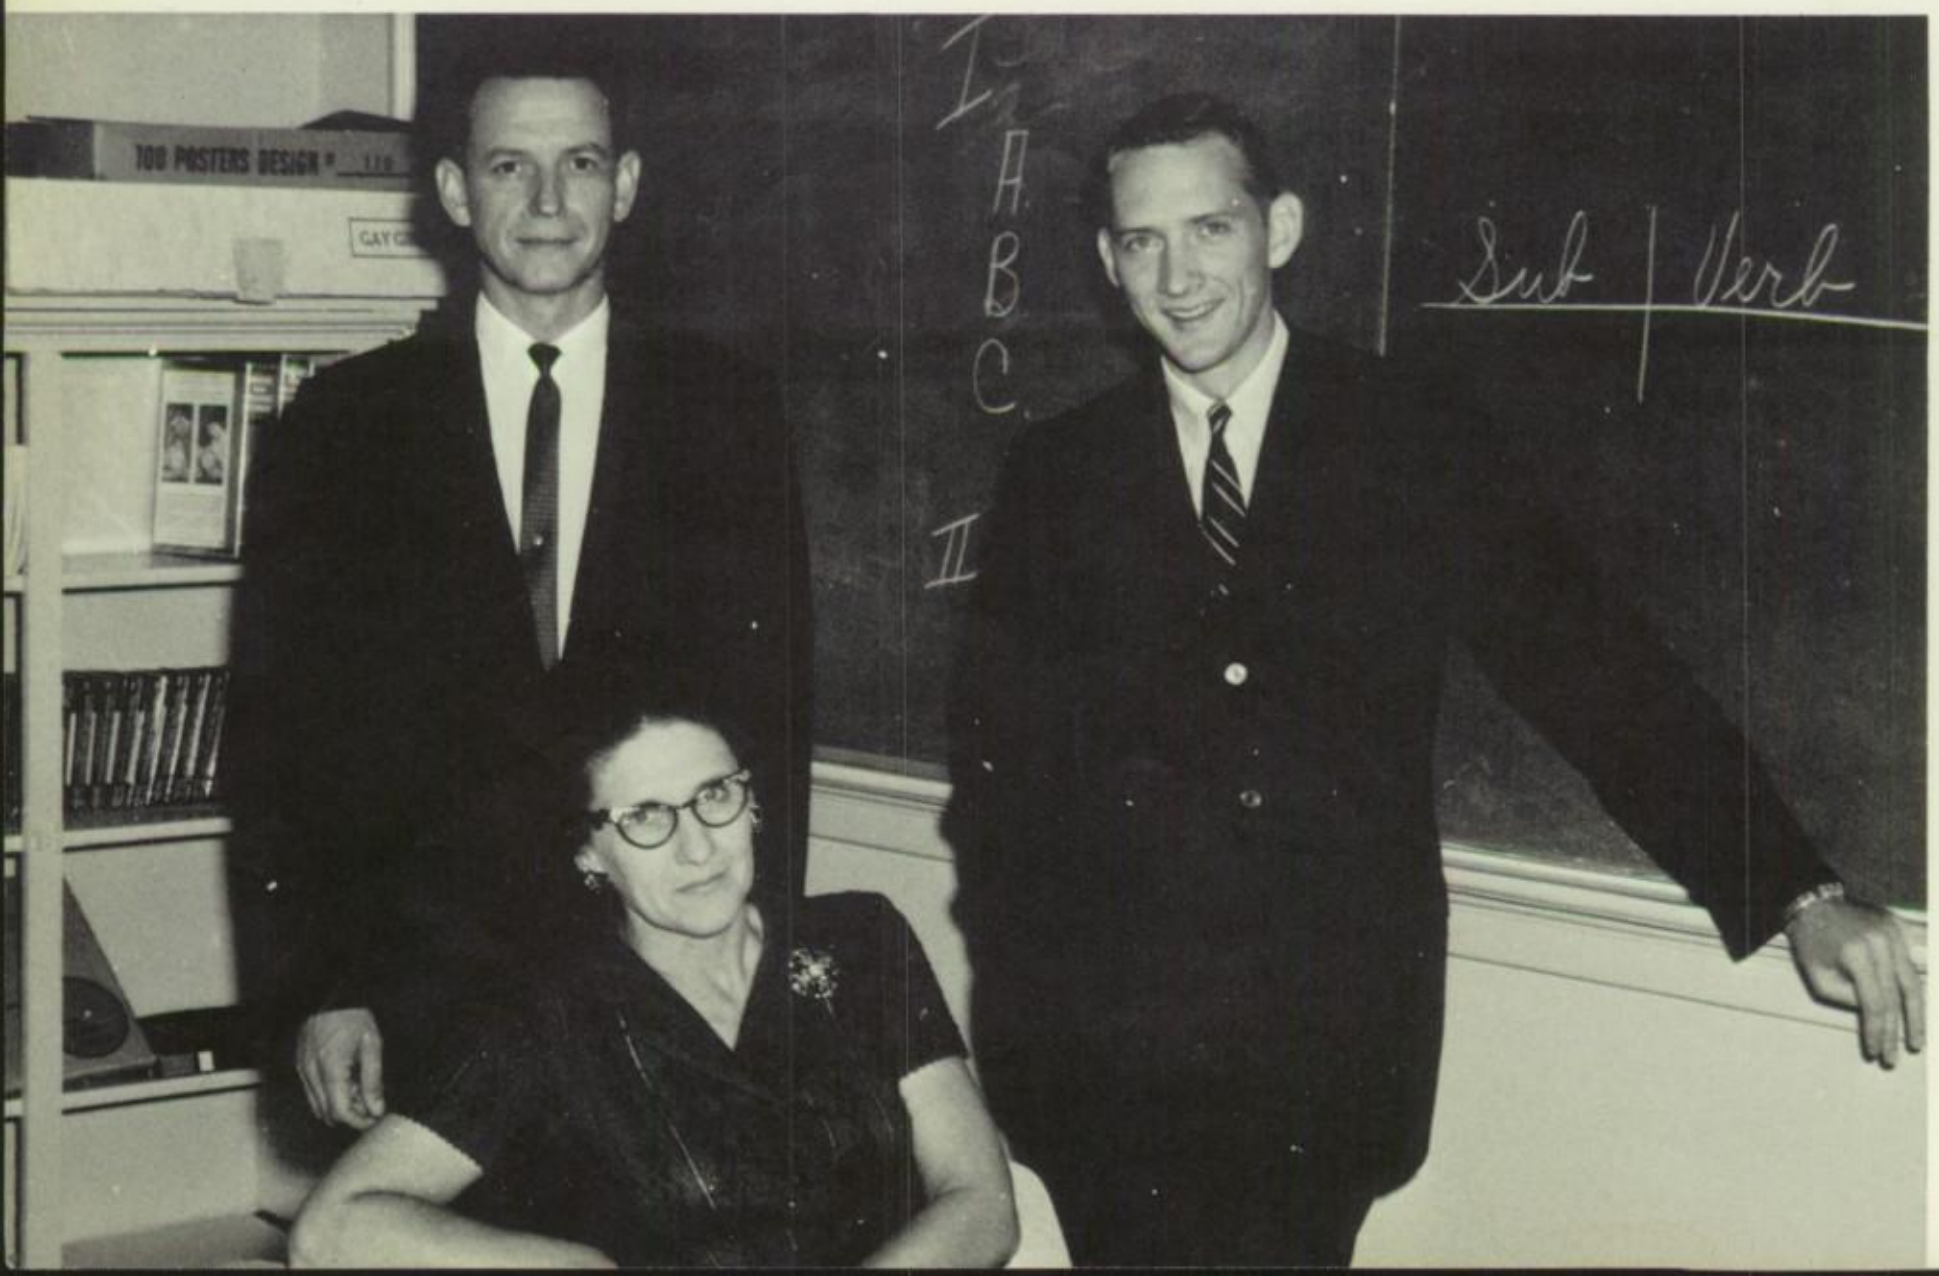
Room for Thinking



NORMA BLANKENSHIP:
Library, Annual, Study Hall

Writings, words, and thoughts are used every-day to build our lives. We, the students of B.H.S., are fortunate in having an outstanding English-Literature Department and growing library. This year a periodical and ready reference area was added at the back of the Study Hall to allow a more efficient service area. If the teenagers of today, the leaders of tomorrow, were not given an intensified program in the communications field, we could not adequately fulfill our obligations as leaders, for words are indeed true builders.

HAROLD PANNELL: English, Debate, Dramatics
LUCY HALE: English
BILLY ROBINSON: English



DONALD ANDERSON: Spanish, French, English

In Baxter Springs's bond issue a portion of the funds was allotted for the establishment of our Language Laboratory. This addition of credit to our school helps the foreign language students to develop a vocabulary of Spanish, French, and Latin.

During speech festivals and debate tournaments, the classes in Debate and Dramatics profit from the use of the language laboratory. Not only is this laboratory an asset to our school but it is also an asset to each student.

Room For Learning

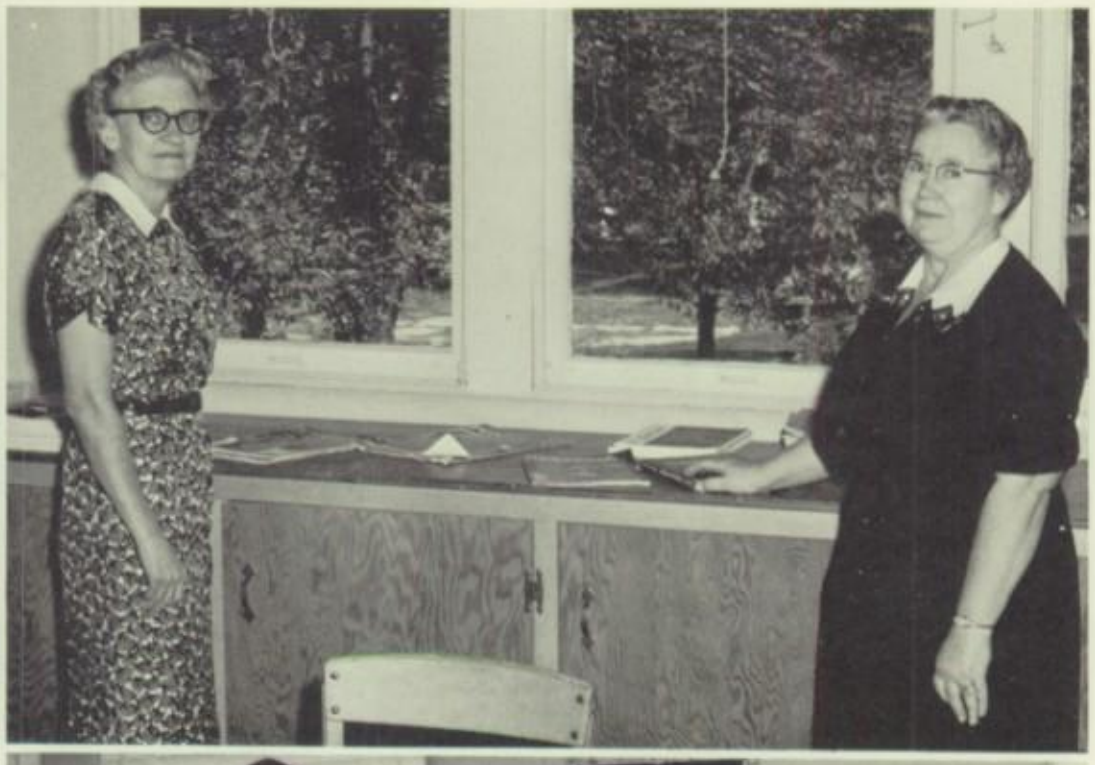
BETTY HIGGINS: English, Vocal Music
ROBERT HIGGINS: Band, Boys Glee Club
LONETA BOYER: English, Art

LARRY HARDING: General Science, Algebra, Physics, Chemistry. HOWARD MEADOWS: Biology, General Science, Physiology.

It was brought to the attention of the citizens of Baxter Springs that there was a great need for improving the equipment in the science department of the high school. The scope of the science field has been enlarged for the students this year. The high school has two new laboratories complete with microscopes and lab desks. The citizens have begun to build our Department of Science for the students of today and the students of tomorrow.

Just as English-Literature allows the students to express themselves--so does the music department in B.H.S. Our school is very active in music which includes the band and glee clubs. They present several concerts a year that are open to the public.

Art brings out one's creativity through expression on canvas or other materials.



In our ever growing world there are two things that keep our peoples' welfare in constant view--the relationship a person or a group of persons, has to another person or group, and our Government. Our school has built a fine curriculum around these important things. We offer U.S. History, World History, Citizenship, Constitution, Psychology, and Sociology.

As essential as English in today's society is plain simple reasoning. This trait is established in the minds of our students by our leading math department which prepares our students to go further in college in the math field.

Offering at least one subject for each grade, Baxter Springs High School builds junior executives with a strong background of knowledge in commerce for our business world.

MURIEL GEORGE-Latin, Guidance; MARY ANN KINION-Remedial Reading.

Guidance, diversified occupations, and physical education train the mind and the body for the student's life after school. Under the able direction of Mrs. Muriel George, students receive counseling about further education after school. Diversified occupations, taught by Thomas O. Harris, is for students who plan to go directly into an occupation after school. B.H.S. not only builds a strong mind but also a strong healthy body. A high school student needs both to become a success in our evergrowing society.

Clerk of the School Board:
MILDRED PAXSON

WALTER HORNE: Custodian; GRANT BELL: Engineer.

MAX NEWELL: Metal Work, General Shop
LARRY THOMAS: Industrial Arts

Two of the busiest places in our school are the principal's and superintendent's offices. Mrs. Mildred Paxson and Mrs. Irma Crawford, the two secretaries, assist Mr. Hughes and Mr. Burke in the business transactions of the school. A clean, neat school building and grounds help to stimulate learning. Mr. Horn and Mr. Bell do their utmost to keep our school attractive and an asset to our community. The Industrial Arts department of BHS has a new building this year. Much needed machinery has been added to promote better students in craftsmanship. The students, as well as the citizens, are very proud of the new Industrial Arts building.

NORMA BLANKENSHIP

The 1964 Jayhawker, Jr. would hardly be complete without recognition of this person--

Who has given assistance and dependability as a teacher and a friend.
Who has always been willing to share hearty responsibility with our Senior Class.
Who has taught us to think for ourselves.
Who has shown interest in students as individuals.
Who has been willing to help us through the years that we have attended BHS.
Who has helped us in our classes, worked with us in our projects, and rejoiced with us in our successes.
Who has deep loyalty for our Senior Class, thus deepening our love for her.

We, the Senior Class of 1964, dedicate this yearbook to you.....

MRS. NORMA BLANKENSHIP

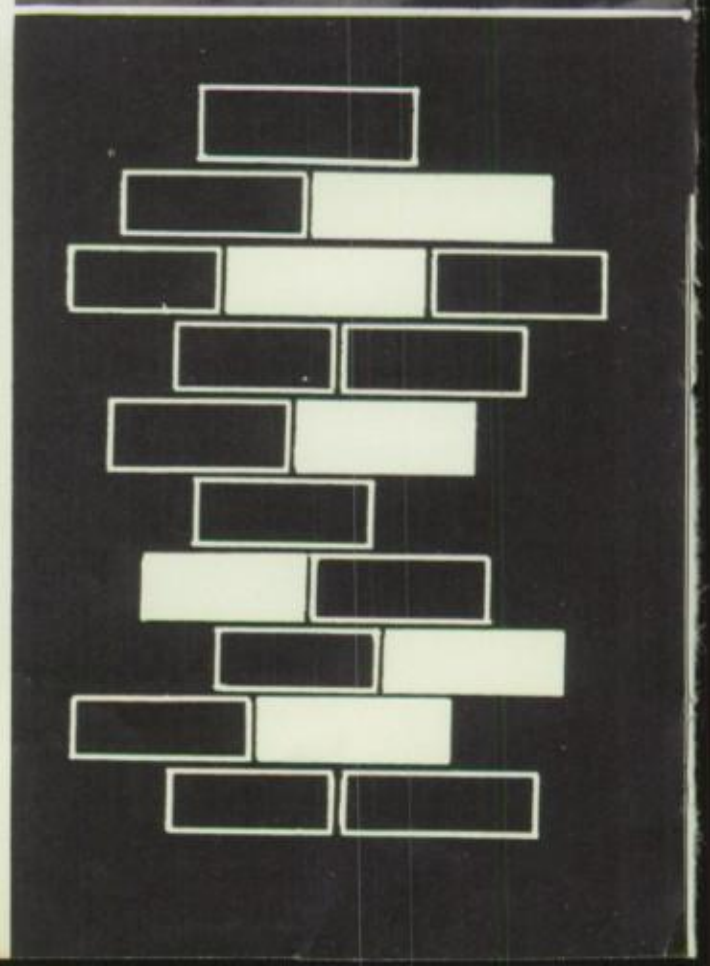
May 8, 1964

Sharon,

Your friendship has meant a lot to me these past years. I'll never forget the fun we had! Remember the night I "lost" my car? Ha! I've missed running around with you lately, but there's nothing I can do about it. I hope you get all of your problems straightened out. Maybe we can get together again in the future. I wish you the best of everything. I truthfully mean it!

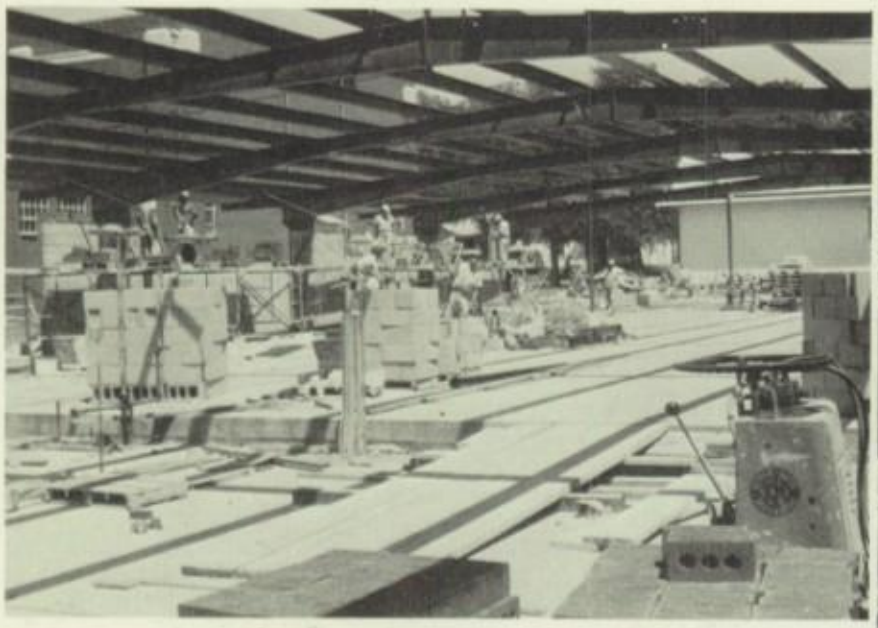
Love always,
Nancy Adams

HIGH SCHOOL



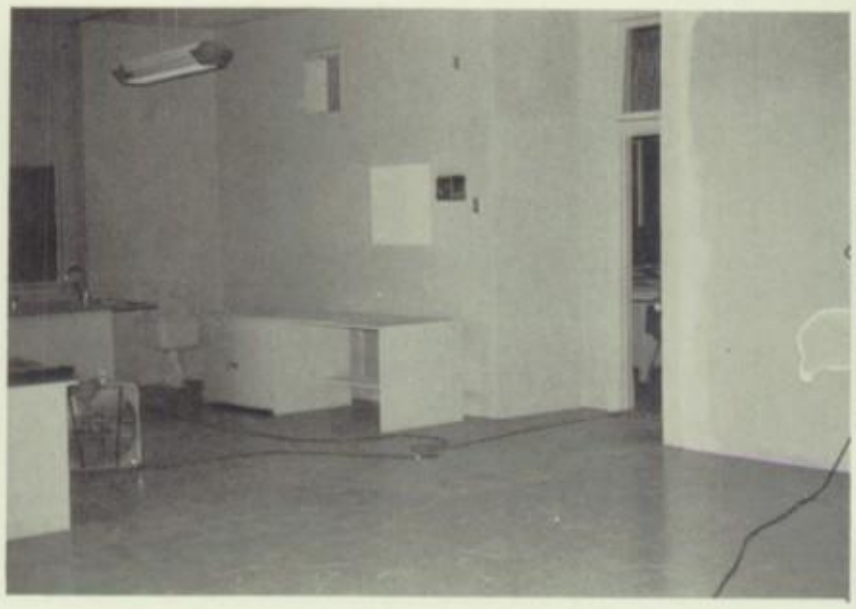
Our high school has tremendously improved this year with the addition of the new equipment in the various departments. The students have a school this year that provides a greater opportunity to increase the span of their education while teaching the students to become individuals.

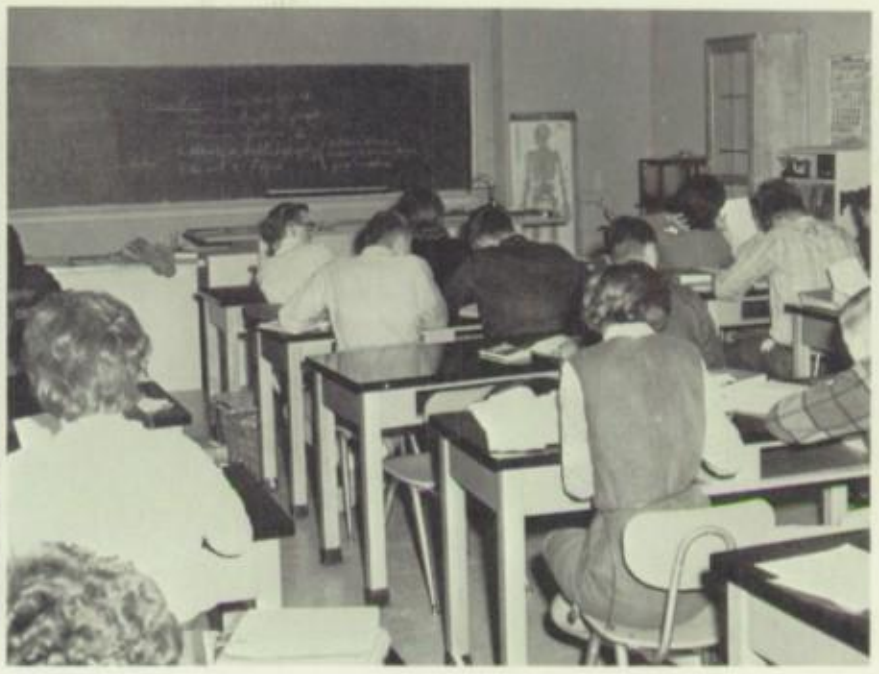
School Makes



During the summer months of 1963, a definite change could be seen taking place outside on the new building as well as remodeling inside.

Visible Progress





Remodeling inside consisted of tearing out walls in some rooms and building in walls in others. The airshafts were converted into restrooms for high school students and there was new equipment added to almost every department.

The language laboratory was added to the Language Department and the individual booths aid the student tremendously by allowing oral work by each person throughout the period.

The Home Economics Department received a large area in the new building plus new equipment and furniture.

A machine called the Saf-T-Rater has been acquired by the Drivers Training Department. This machine registers a student's reaction time.

Much needed equipment has been added to the Science Departments this year. This equipment, such as laboratory counters in Chemistry, laboratory tables, storage cabinets, and new microscopes for Biology and Physiology, enlarges the teaching capacity for these subjects.

During the summer, refinishing the gym floor was part of the remodeling process.

The spacious and well-furnished classroom gives Home Economics students an area to sew, study, work on interior designing and other activities of that class.

The wood shop section of the new building provides more space and some new equipment which makes it easier for the boys to build better projects.

New equipment in biology, like this Thin Man Chart, aid in understanding the complexities of the biological sciences.

The wash sinks in the shop make it possible for shop boys to clean up before going to their other classes.

The drafting machine, a new instrument designed to replace many of the draftsman's bulky instruments, has recently been acquired by the drafting class.

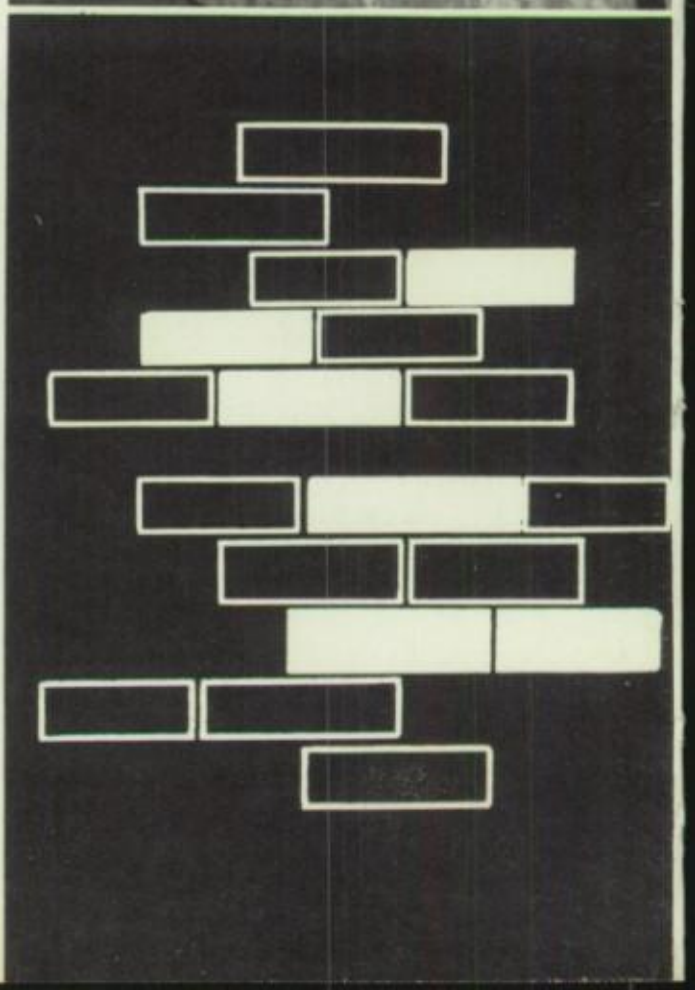
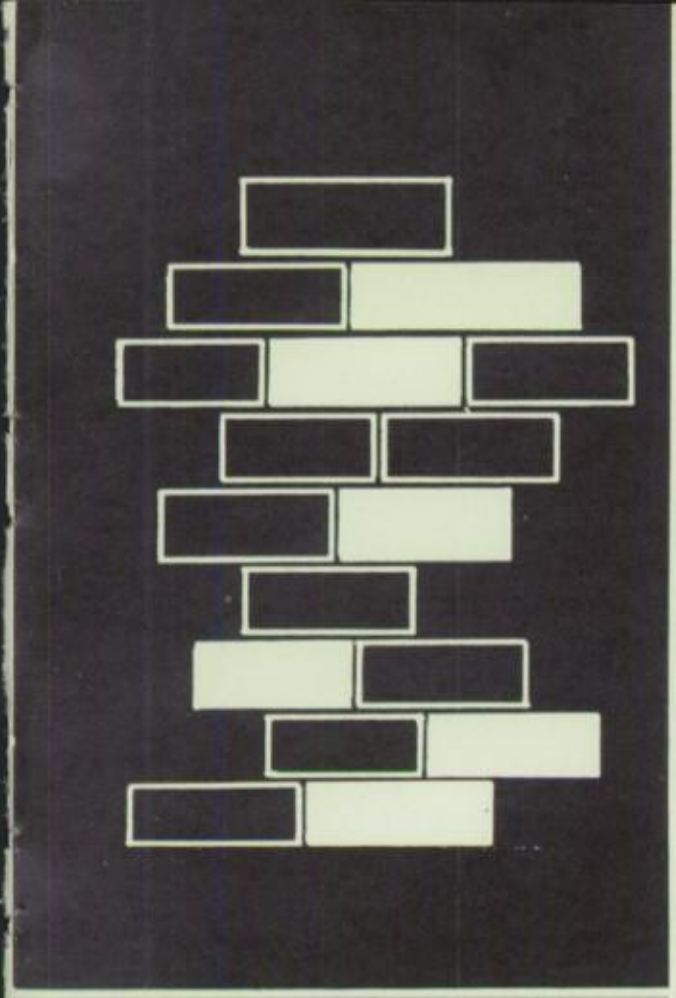
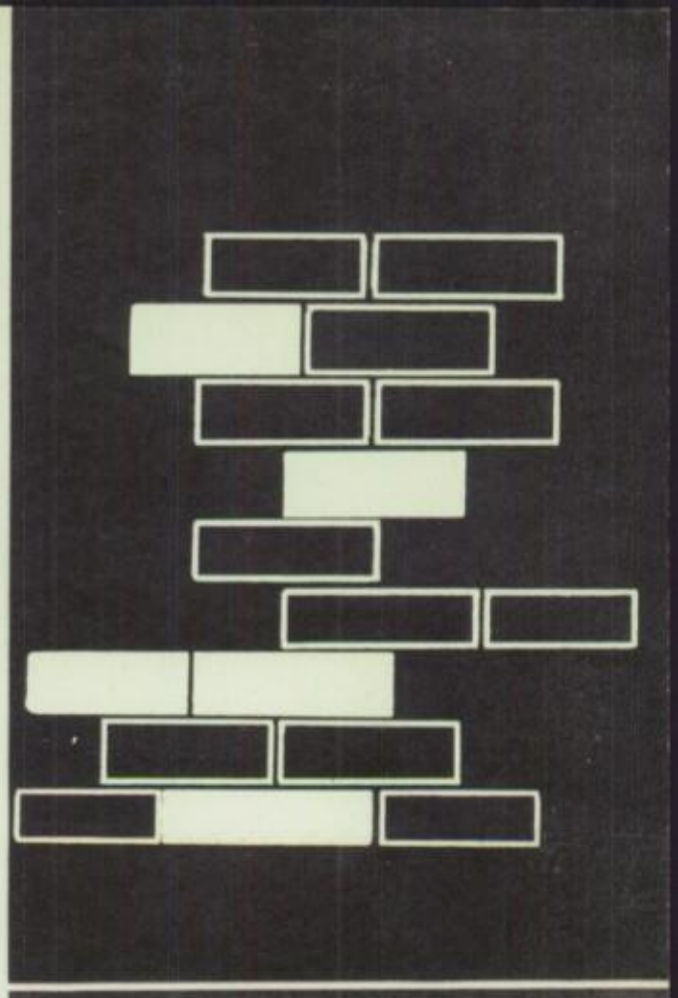
ACTIVITIES







The students of BHS are fortunate in having many activities in which they can participate. These activities provide the students with opportunities to express their feelings in their work, to accept responsibility, and to learn to accept and to work with other people. An educational background is essential in today's society, but an individual must also have the ability to participate in the many activities of today's society.

The National Thespian Society of Baxter Springs High School received their charter from the National Society on September 13, 1961. The Society has become more active each year. The distinctive purpose of the National Thespian Society is to build a better standing of dramatics and speech in the High School, and to build a keener interest in dramatics for each student. The Society is in charge of all make-up, settings, and lighting for class plays and assemblies. This year the Society sponsored an all-school "Mardi Gras."

Lions Band

Each year the local Lions Club sends two band members from our band to a five-day band camp held in conjunction with the state convention. This year Bob Higgins and Mike Burke, pictured right, were sent from Baxter Springs.

Because a Kansas is being installed as the International President, the state is sending an all-Kansas band to Toronto, Canada, for eight days to the International Convention. Bob Higgins has been chosen for this band.

The Freshman play was directed by Mr. Donald Anderson. The cast consisted of: Marilyn Busby-prompter, Don Stambaugh-stage manager, Ed Hess-stage manager, Monty Williams, Bruce Watkins, Paul Smith, Vickie Burke-prompter, Lois Hilton, Shelia Williamson, and Pam Ingram.

Student Council

The Student Council is a group of students selected by their classmates to create good feelings between old and new students, teachers and students, our school and other schools in the area, and to keep activities of the school running smoothly.

The group is actually a representative group and possibly this is why one of the main goals of Student Council is to create strong school spirit and help improve many of the school activities and functions.

Annual Staff

Special recognition this year should go to Editor Mike Kane, who has served as yearbook photographer the past five years, to Assistant Editors Patty Root and Patsy Williamson, to Copy Editor Jim Crow and to Business Manager Bill Wickman for these editors have arrived an hour early each morning and toiled through the many minute details and chores which are a vital part of yearbook production.

Special thanks goes to Mr. Art Kane, Curt Garrett, and Rodney Paxson for the artwork and to those members of the senior class who accepted the responsibility for the copy and picture-taking. Too, recognition is a must for the annual salesmen for without their efforts this year's annual would not have been possible.

Kayettes

Junior and Senior Members

The Kayettes of Baxter Springs have a three point program of service. They build, through service, a better school, community, and world for us to enjoy.

The Junior and Senior girls are ending their years as Kayettes. They have benefited by establishing traits which help them to take a more active position in the community. These girls have built a path of customs and patterns for the Sophomore and Freshmen girls to follow and they in turn are setting more patterns to be followed in future years.

Future Homemakers of America is an organization of ninety enthusiastic girls from grades nine through twelve who have completed at least one semester of home economics and who intend to be homemakers in the future.

The members proved their enthusiasm by selling cook books to raise money, meeting with F.H.A.'ers from other chapters, taking an active part at the district meeting in Pittsburg and at the state meeting in Topeka.

The big events of the year were the Sweetheart Dance and the Daddy-Date Banquet.

Key Club

The thirty-five boys of the Key Club establish much needed wholesome character traits through the many projects in which they participate during the school year. The Key Club is definitely a service organization. The boys collect for the March of Dimes, assist with the Red Cross Blood Bank, and suffer in the Lions Club kitchen on the Annual Pancake Day.

The Key Club was established in Baxter Springs in 1948 and is sponsored by the local Kiwanis Club. The members owe special thanks to Mr. Howard Keith, faculty sponsor and Mr. Bill Shadwick, Kiwanis sponsor.

Good Citizenship Award

Every year the Daughters of the American Revolution present a Good Citizenship Certificate of Merit. This year they chose a "winner." The girl they chose won at district and now she is running for state. Since this is the first time this has ever happened at B. H. S., we, as fellow classmates, are very proud of her.

This girl was very deserving of the award. She displays leadership, service, dependability, and patriotism. She is always ready to help her classmates, even though she is very busy in her many activities. She is a cheerleader, secretary of the Student Council, and belongs to Thespians, Kayettes, F. H. A., Glee Club, and sings in the Senior Sextet.

The girl who has all of these qualities is PATTY ROOT.

B.P.W. Girls Of The Month

The Inter-City Business and Professional Womens Club gives recognition to outstanding senior girls for leadership, service, and participation in high school activities during their senior year. The girls are guests of President Waneta Sweet, Committee Chairman Irma Crawford, and other B. P. W. members at their meeting during the month they are chosen.

Patty Root, Martha Huston, Nancy Dalton, Marsha Bailey, Karen Anderson.

Girls' State—Boys' State

Girls going to Sunflower Girls' State are sponsored by the American Legion Auxiliary and Beta Omega; and Zeto Rho chapters of the Epsilon Sigma Alpha Sorority. Boys' State is sponsored by the American Legion, Kiwanis, and Lions' Club.

National Honor Society

The National Honor Society is sponsored by the National Association of Secondary School Principals. It has chapters in high schools in every section of the United States.

A pupil must rank in the upper third of his class to be eligible for membership. He is further judged on the basis of leadership, character, and service. Only fifteen per cent of the Senior Class, and seven per cent of the Junior Class may be elected to membership; therefore, it is a distinct honor to be elected.

Our goal for the year is to build an active organization that will be looked upon with respect and pride by fellow students.

Officers for the year are: President, Mike Schurich; Vice-President, Paul Daniels; Secretary, Karen Anderson; Treasurer, Kris Taber.

Girls' Glee Club

The Senior High Girl's Glee Club is composed of ninety girls under the direction of Mrs. Betty Higgins.

The Glee Club was more active this year than in the past. They put on a Pop Concert in November, a Christmas Concert at the grade schools, went to Sub-District and District Music Festivals, and participated in the Annual Spring Concert.

Several of the girls were also members of various ensembles who made numerous appearances during the year at school and in the community.

These girls added a block to the musical foundation of Baxter High.

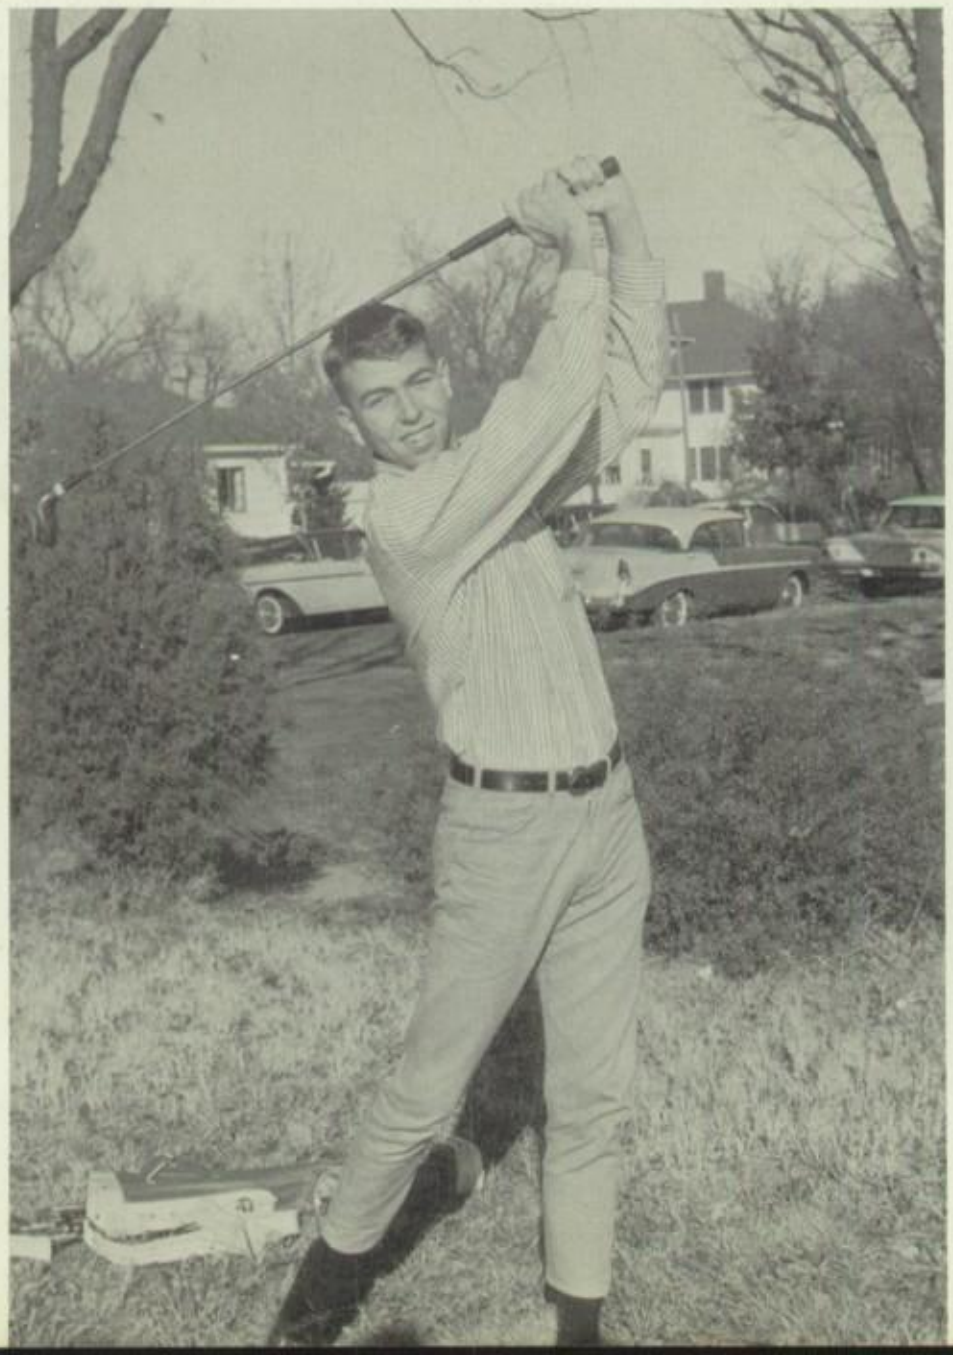
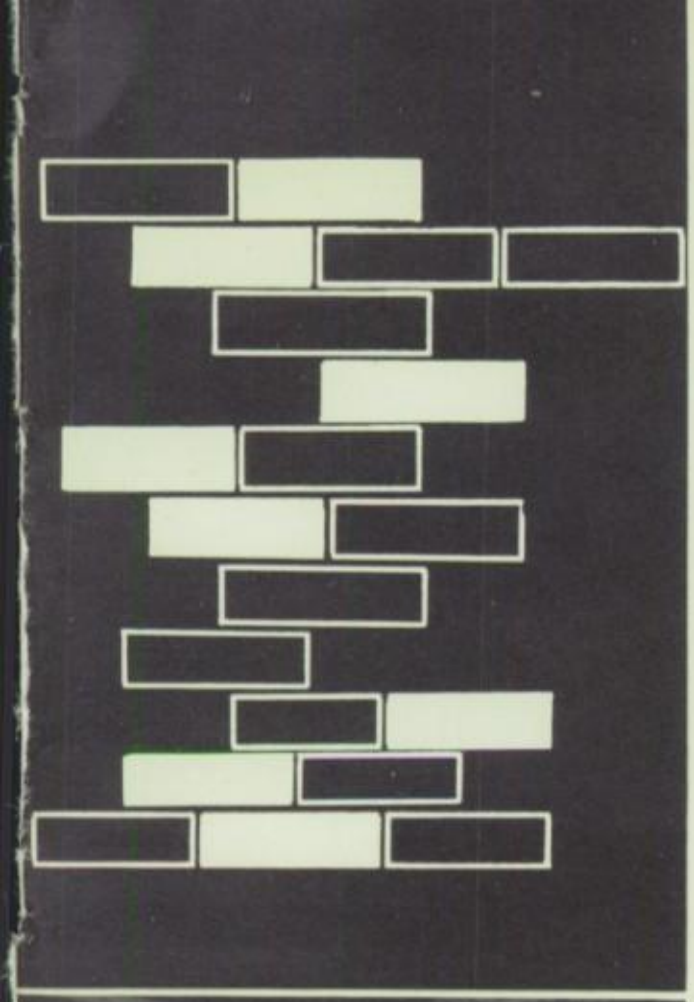
Mike Gregory, Joe Pliler, Johnny Green, Linda Qualls-Vice President, Donna Jackson-President, Barbara Brewster, Sandy Johnson-Secretary (not pictured).

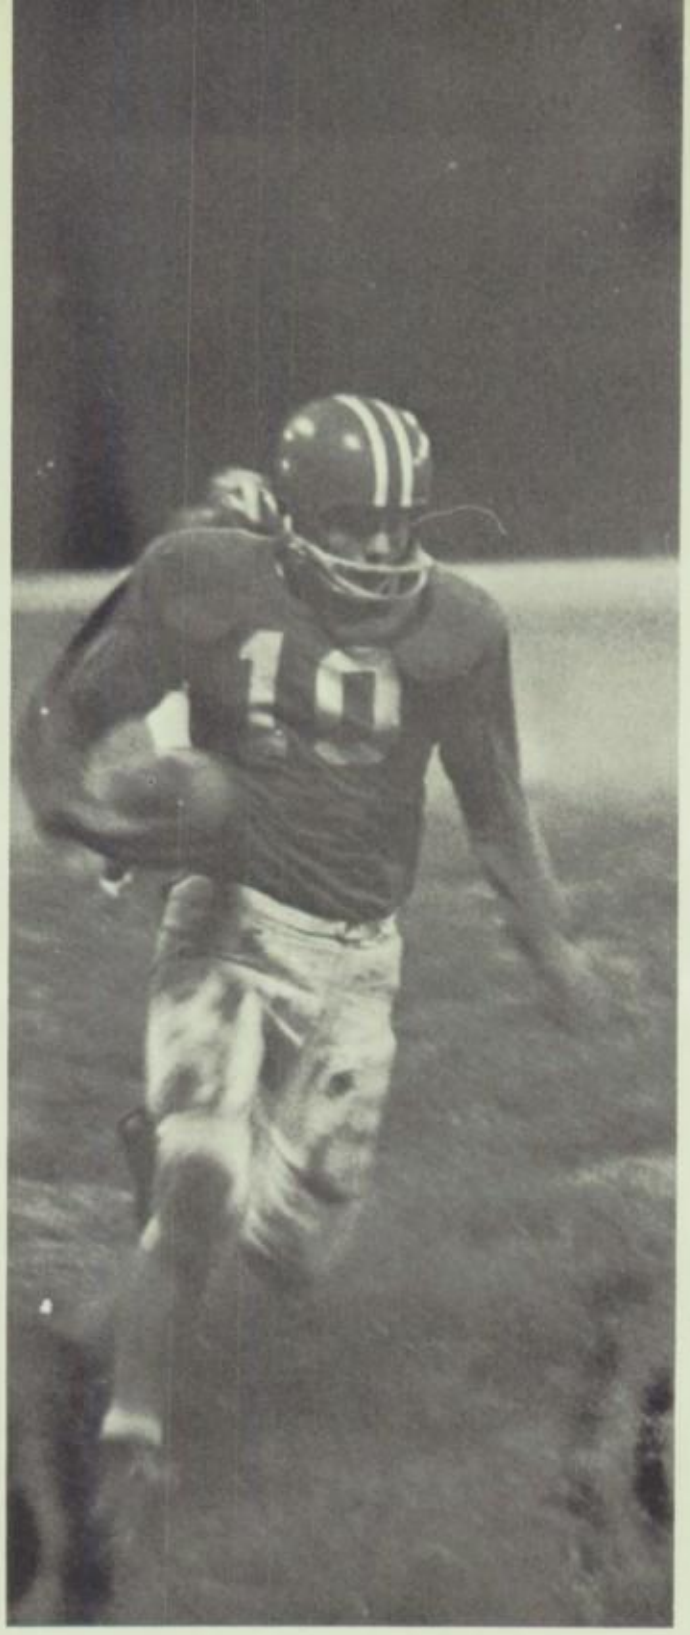
The Youth Center Board has been extremely busy this year. Besides planning seasonal parties and holding dances after athletic events, the Youth Center Board helps their sponsor, Rev. David Grimm, to sponsor Saturday night movies in the City Hall.

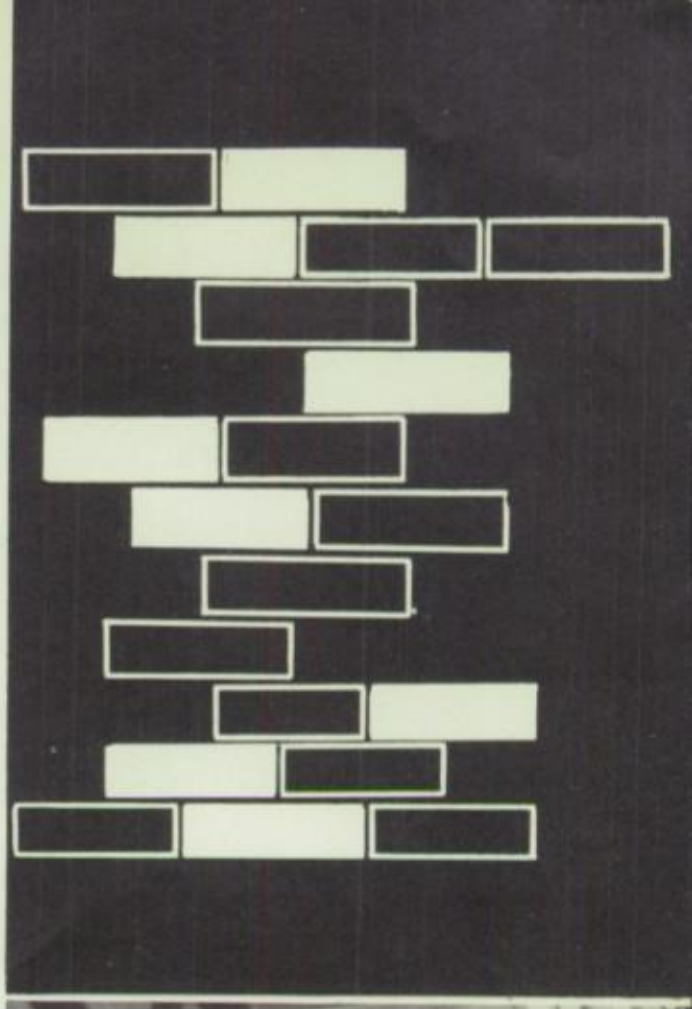
The Youth Center Board, made up of two students from each class, makes the Youth Center a popular gathering place not only on Friday and Saturday nights, but also during the week when various High School organizations assemble and hold their meetings.

ATHLETICS









Through the athletic program in our high school, the students receive valuable experience in learning how to work with one another and how to promote good sportsmanship.

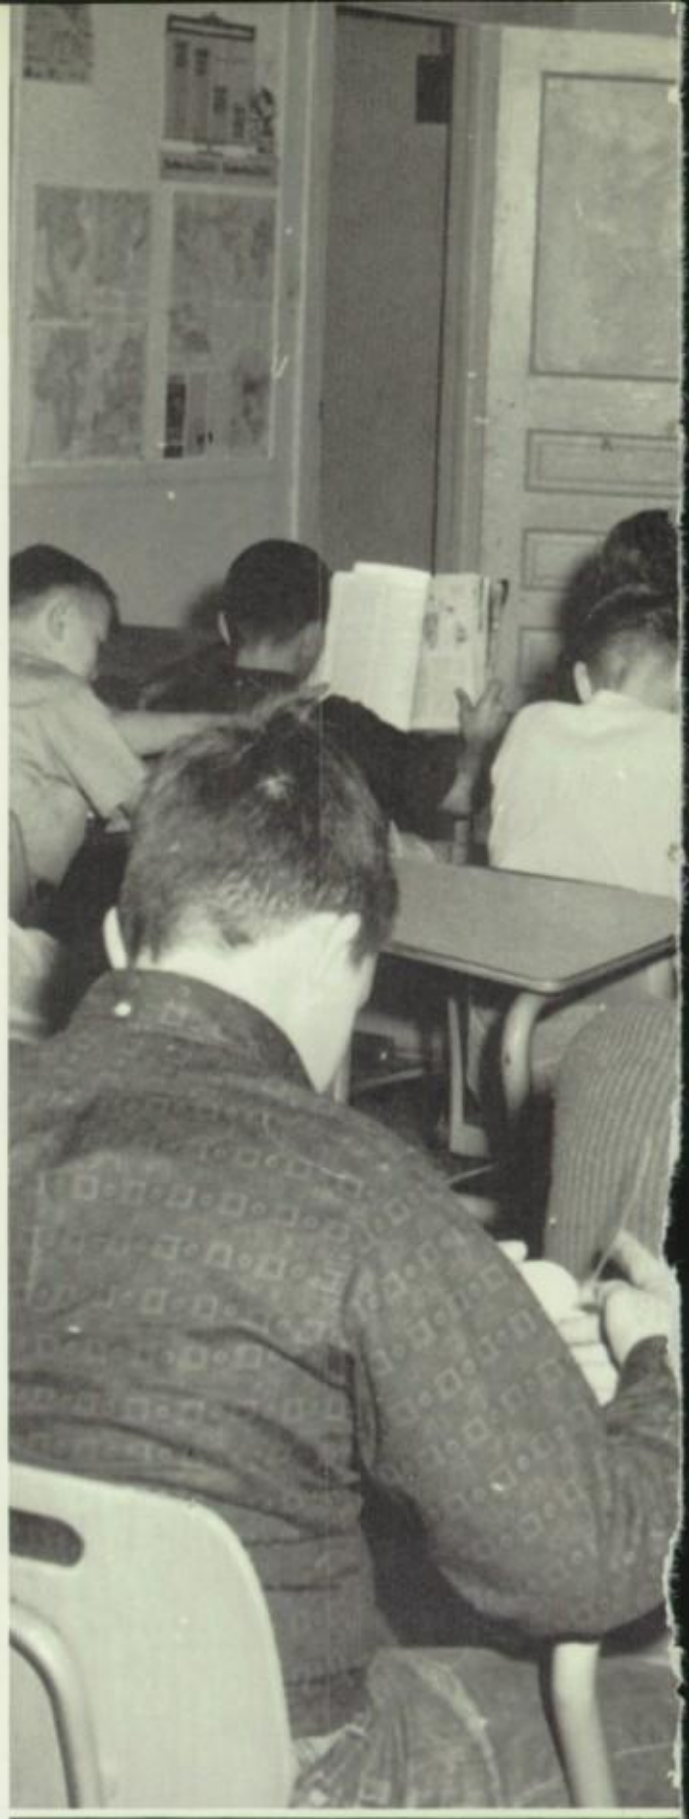
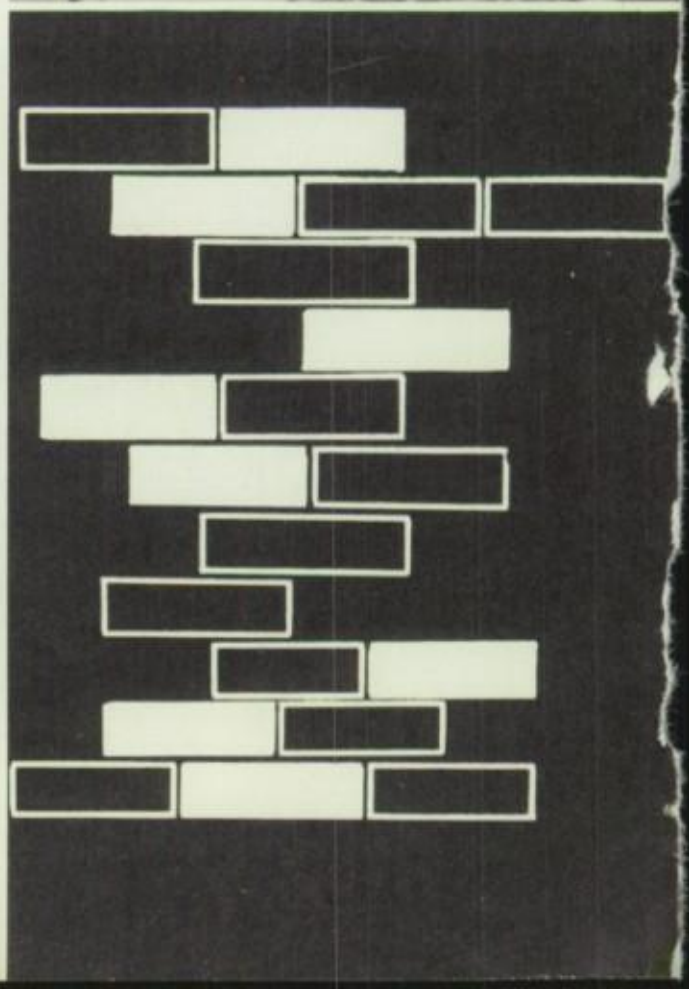
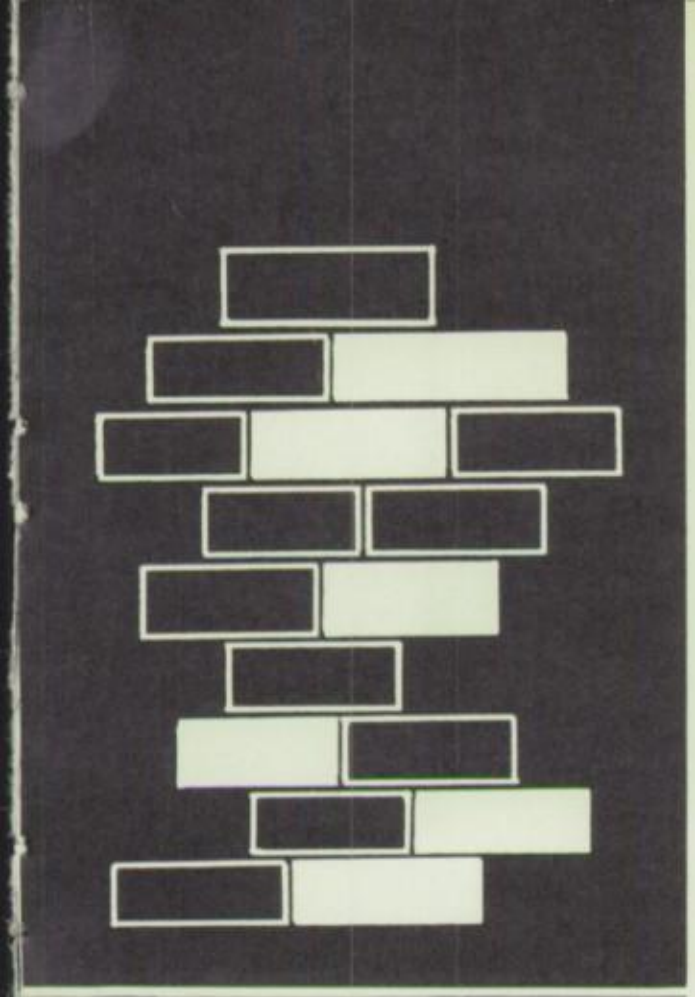
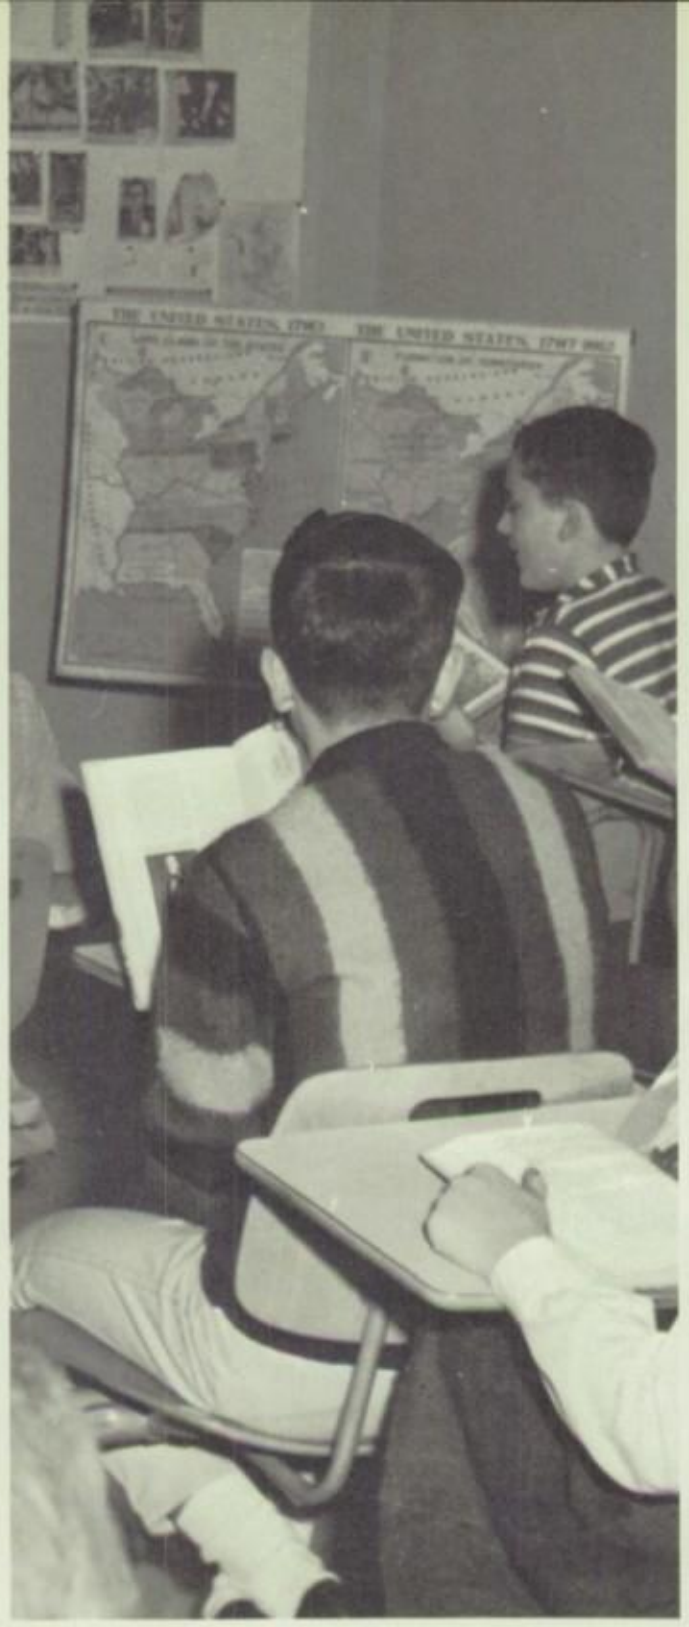
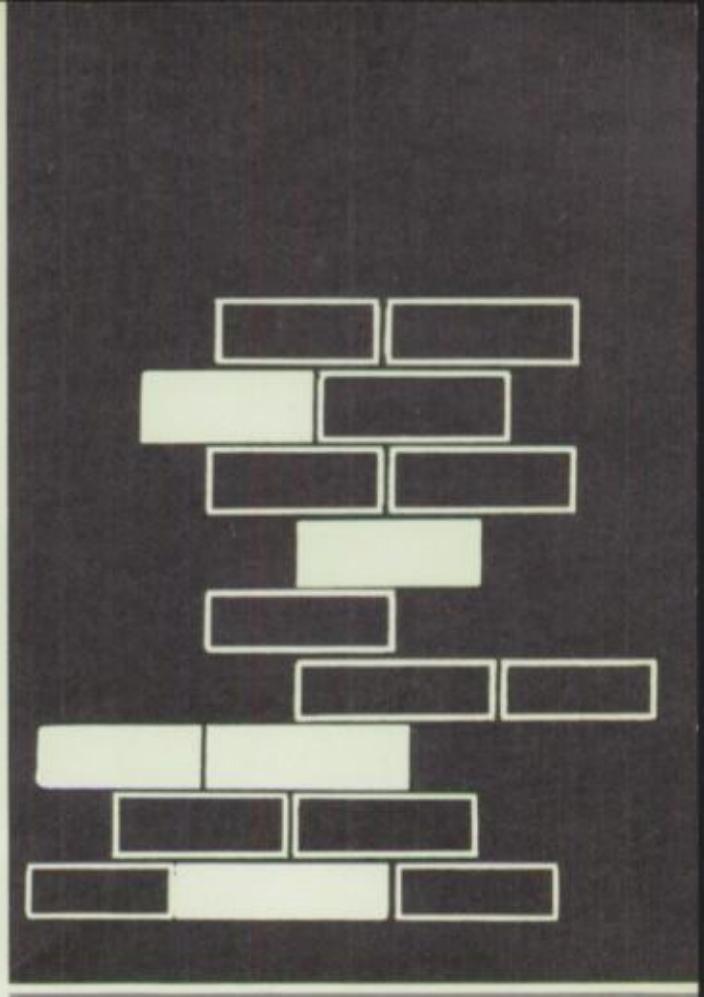
JUNIOR HIGH











The junior high division is a new experience to the junior high students this year. The change involved separating the senior high students from the junior high students in their classes and in their activities. The junior high students now occupy the first floor of the high school building. The change has been a success and has given evidence of the improvements being initiated in the field of education this year.

Sharon.

It has been a real pleasure being among your friends these past years. You are cute and have a nice personality to go with it. Anything you try to do you will succeed. Good luck in all you do to do. We have had a lot of fun together. I'll always remember you and Rich, speech festival, and countless other memories. I'm sure there's lots more to come. We have had our disagreements and our times together. Those memories I'll always treasure as I will our friendship.

Your friend,
Jane

Best of Luck always,
Don't forget the fun in
shorthand. I know I
can't.

Jamie

Sharon,

Good luck in everything you want to do but especially with you-know-who that you told me about. You're an awfully nice girl and I think you deserve him much more than I deserve my Bill. I guess I'm just lucky.

Connie

Sharon,
I wish you the
best of luck in
everything you do -
in school or out.
But I feel sure that
you won't need any
luck at all, for
you'll get what
ever you strive for.
Love always.

Sharon.

Remember all the times, we walked to school, and all the fun we had in Shorthand class.

Best of luck in everything you do.

Robyn

Sharon

I cannot forget that weekend. I will remember it as long as I live. It was such fun. I still have cramps from laughing so much. I sure hope we can go to sleep. My sleep, but I will work real hard next year, so I can go to platoon weapons! I will remember all you said. Best of luck in all you do, you need it! And remember midnight meals, midnight musters.

Mike Murphy

(This is Sharon, Grace remember!)

Ciel

Sharon,
I hope you find success in all you do. Best of luck with the boys.
Vicki

Sharon,
Remember all the fun we have had on our little noon trips to Quapaw? They were fun even though we usually did get caught. Don't ever forget the
Good Luck in the future and every thing you do. Remember the times in Miami!
Kathy Cunningham

Sharon,
To a friend who is a NUT! Hope you decide to join pep Club next year. It is going to be a lot of work to build up the schools spirit again but we can do it if we work together.
